Soil & Tillage Research 32 (1994) 367–369

Soil & Tillage Research

Contents of *Soil & Tillage Research*, Volume 32

VOL. 32 NO. 1 OCTOBER 1994

Crop residue management for irrigated cereals on the semi-arid Canadian prairies
J.M. Carefoot, H.H. Janzen and C.W. Lindwall (Lethbridge, AB, Canada) 1
The effect of ploughing depth and seedbed preparation on crop yields, weed infestation and soil properties from 1940 to 1990 on a loam soil in south eastern Norway
T. Børresen and A. Njøs (Ås, Norway) 21
The influence of tillage-induced differences in surface moisture content on soil erosion
K. Auerswald (Freising-Weihenstephan, Germany), C.K. Mutchler and K.C. McGregor (Oxford, MS, USA) 41
Effects of soil water hysteresis and the direction of sampling on aeration and pore function in relation to soil compaction and tillage
B.C. Ball (Edinburgh, UK) and E.A.G. Robertson (Penicuik, UK) 51
Effects of tillage and evaporative demand on the drying characteristics of a silt loam: an experimental study
E.J. Mwendera and J. Feyen (Leuven, Belgium) 61
Water harvesting and conservation techniques for smallholder crop production systems
M. Kronen (Gaborone, Botswana) 71

Book reviews
Applied soil physics 87
Soil and water conservation engineering 88

Announcement from the Publisher 91

VOL. 32 NOS. 2–3 NOVEMBER 1994

Effects of PTO-powered disk tilling on some physical properties of Bangkok clay soil
M.S. Islam, V.M. Salokhe, C.P. Gupta (Bangkok, Thailand) and M. Hoki (Tsu, Japan) 93
Tillage effects on grain sorghum (*Sorghum bicolor* (L) Moench) development and plant water status in Burkina Faso
A. Olufayo, C. Baldy (Montpellier, France), L. Some and I. Traoré (Ouagadougou, Burkina Faso) 105
Residue and tillage management effects on soil properties of a typic cryoboroll under continuous barley

B. Singh, D.S. Chanasyk, W.B. McGill and M.P.K. Nyborg (Edmonton, Alberta, Canada) 117
Weather, cropping practices and sampling depth effects on tensile strength and aggregate stability
B.D. Kay (Guelph, Ontario, Canada), A.R. Dexter (Silsoe, UK), V. Rasiah (Guelph, Ontario, Canada) and C.D. Grant (Adelaide, Australia) 135
Influence of corn management on dry aggregate tensile strength: Weibull analysis
E. Perfect and B.D. Kay (Guelph, Ont., Canada) 149
Soil stress distribution under lugged tires
K. Hammel (Stuttgart, Germany) 163
Short-term variations of soil physical properties as a function of the amount and C/N ratio of decomposing cotton residues. I. Soil aggregation and aggregate tensile strength
A. Hadas (Bet Dagan, Israel), E. Rawitz, H. Etkin and M. Margolin (Rehovot, Israel) 183
Short-term variations of soil physical properties as a function of the amounts and C/N ratio of decomposing cotton residues. II. Soil compressibility, water retention and hydraulic conductivity
E. Rawitz (Rehovot, Israel), A. Hadas (Bet Dagan, Israel), H. Etkin and M. Margolin (Rehovot, Israel) 199
Effect of soil moisture conservation (bunding) on single and intercropped paddy rice (*Oryza sativa* L.)
P.K. Pathania and R.C. Thakur (Palampur, India) 213
Impacts of antecedent moisture and soil surface mulch coverage on water and chemical transport through a no-till soil
A.V. Granovsky, E.L. McCoy, W.A. Dick (Wooster, OH, USA), M.J. Shipitalo and W.M. Edwards (Coshocton, OH, USA) 223
The effect of mechanical impedance and soil aeration as affected by surface loading on the growth of peas
F.R. Boone, G.D. Vermeulen and B. Kroesbergen (Wageningen, Netherlands) 237
Mechanisms of aggregate breakdown involved in surface sealing, runoff generation and sediment concentration on loess soils
C.H. Roth and T. Eggert (Berlin, Germany) 253

Book reviews
Soil science analyses – a guide to current use 269
Diversity in wheat 270

Corrigendum 273

VOL. 32 NO. 4 DECEMBER 1994

The potential effects of climate change on autumn soil tillage opportunities in England and Wales
M.D.A. Rounsevell (Silsoe, UK) and A.P. Brignall (Oxford, UK) 275
Tillage and mulch effects on soil physical environment, root growth, nutrient uptake and yield of maize and wheat on an Alfisol in north-west India
C.L. Acharya and P.D. Sharma (Palampur, India) 291
The effect of soil compaction on mole plough draught
W.C.T. Chamen (Silsoe, Bedford, UK) and R. Cavalli (Padova, Italy) 303

Long-term tillage effects on soil quality
D.L. Karlen (Ames, IA, USA), N.C. Wollenhaupt (Madison, WI, USA), D.C. Erbach, E.C. Berry, J.B. Swan, N.S. Eash (Ames, IA, USA) and J.L. Jordahl (Iowa City, IA, USA) 313

Effect of sodicity and salinity on disaggregation and tensile strength of an Alfisol under different cropping systems
A.R. Barzegar, J.M. Oades, P. Rengasamy and L. Giles (Glen Osmond, S.A., Australia) 329

The effect of various residue mulch–tillage combinations on soil physical conditions and performance of irrigated cotton
E. Rawitz (Rehovot, Israel), A. Hadas (Bet Dagan, Israel), H. Etkin and M. Margolin (Rehovot, Israel) 347
